

# Highlights of the Annual Report of the Cohort 3 TPSID Model Demonstration Projects (Year 4, 2023–2024)

In 2023–2024,  
22 TPSID grantees operated...

41 programs at 39 colleges and universities across 16 states enrolling 557 students with intellectual and developmental disabilities.

21 programs (51%) were approved as Comprehensive Transition and Postsecondary (CTP) programs, allowing them to offer federal financial aid to eligible students.

## ACADEMICS

551\* students

enrolled in

4,583 courses

for an average of

8 courses (inclusive\*\* or specialized) per student per year.

99% of students took at least one inclusive course.

88% of programs had at least 50% of their course enrollments in inclusive courses.

23 programs (58%) had 100% of their course enrollments in inclusive courses.

\*Six students did not enroll in any courses in 2023–2024.

\*\*Academically inclusive courses are typical college courses attended by students with intellectual disability and other college students without intellectual disability. Specialized courses are courses designed for and offered only to students with intellectual disability, often focusing on topics like life skills, social skills, or career development.

## EMPLOYMENT

67% of students had a paid job or paid work-based learning experience.

38% of employed students had never held a paid job before entering the TPSID.

97% of students participated in at least one employment or career development activity.

## HOUSING

84% of residential schools offered housing to students in the TPSID program (n = 27 programs).

355 students (64%) lived in campus housing.

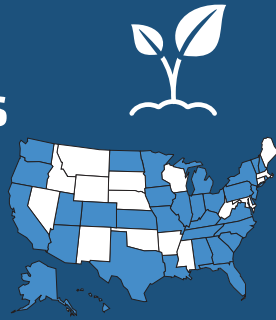

*Continued emphasis on comprehensive support and inclusive practices underscores the ongoing impact of the TPSID initiative in enhancing educational and employment opportunities for students with intellectual disability.*
